

Virginia Technical Institute uses the curriculum from the National Center for Construction Education and Research (NCCER), which is a standardized training process affiliated with the University of Florida. **Each trade takes approximately 2 years to complete.** You may research your trade choice on our website. Use link <http://www.govti.org/courses> . Just click on your trade choice and you can download and print the competencies & objectives.

The first classes you would take are CORE & your Level 1 trade. CORE is a class that covers the basics of safety, construction math, hand tools, power tools, blue prints, communication skills, employability skills and materials handling.

If you are interested, please visit our website and fill out the enrollment agreement, financial agreement, registration and release form and text messaging form. Please email these forms to [christie@govti.org](mailto:christie@govti.org). You will need to call and pay for your books and lab fees by July 29.

We will have an accelerated CORE class for our Welding 1 students that will begin July 19 and end of Aug 18.

Cost of CORE & Level 1 classes (except Welding) are approximately \$1870 and \$2770 for CORE and Welding 1. Cost of Levels 2-4 classes is approximately \$1719 or \$1819 for Welding each semester. Cost of Marine trades program is approximately \$2000 each semester.
