

Thank you for your interest in Virginia Technical Institute (VTI). We would love for you to enroll in our Spring semester.

Virginia Technical Institute uses the curriculum from the National Center for Construction Education and Research (NCCER), which is a standardized training process affiliated with the University of Florida. You may research your trade choice on our website. Use link <http://www.govti.org/courses> . Just click on your trade choice and you can download and print the competencies & objectives.

The first class you would take is CORE. CORE is a class that covers the basics of safety, construction math, hand tools, power tools, blue prints, communication skills, employability skills and materials handling.

If you are interested please let us know and we can set up an appointment for you to come in and complete registration. **The only Level 1 class we have available this spring is Electrical 1.** Total cost of the CORE & Level 1 trade class is approximately \$1758. The cost of the CORE class is approximately \$879.

If you are interested in a Level 2-4 class, the approximate cost is \$1709.

**Registration begins Wednesday, November 1 and ends Friday, December 15.**

**\*\* You must make an appointment to register.**

Costs per class per semester:

Tuition - \$700 each for CORE & Level 1  
Tuition - \$1400 each for Levels 2-4  
CORE & Level 1 Trade Lab fees - \$99  
Welding Lab fees - \$199 for Level 1  
Welding Lab fees - \$299 for Level 2-4  
Trade Lab fees - \$199 each for Levels 2-4  
Books – vary from \$80 - \$110

Currently, we do not have tuition assistance. We do offer a payment plan. We ask that you pay for your lab fees and book fees at the time of registration. After a \$25 service charge, tuition is divided into 4 equal payments of \$181.25 for CORE or \$356.25 for CORE and Electrical 1 payable the 1<sup>st</sup> of the month for the next 4 months.

**Spring semester begins January 22.**

Office hours are Mon – Thurs      9:00am – 5:00pm

Please do not hesitate to call if you have any questions!
