

Virginia Technical Institute uses the curriculum from the National Center for Construction Education and Research (NCCER), which is a standardized training process affiliated with the University of Florida. Each trade takes approximately 2 years to complete. You may research your trade choice on our website. Use link <http://www.govti.org/courses> . Just click on your trade choice and you can download and print the competencies & objectives.

The first classes you would take are CORE & your Level 1 trade. CORE is a class that covers the basics of safety, construction math, hand tools, power tools, blue prints, communication skills, employability skills and materials handling.

If you are interested, please visit our website and fill out the enrollment agreement, financial agreement, registration and release form and text messaging form. Please email these forms to [connie@govti.org](mailto:connie@govti.org). You will need to call and pay for your books and lab fees by July 27.

Cost of CORE & Level 1 classes (except Welding) are approximately \$1870 and \$2770 for CORE and Welding 1. Cost of Levels 2-4 classes is approximately \$1770 or \$1870 for Welding each semester.

Costs per class per semester:

CORE and Level 1 Tuition (except Welding 1) - \$700 each

Welding 1 Tuition - \$1400

Levels 2-4 Tuition - \$1400 each

CORE & Level 1 Lab fees - \$150 each

Welding Levels 1-4 Lab fees - \$350 each

Levels 2-4 Trade Lab fees - \$250 each

CORE book - \$80

Level 1 books - \$90 each

Levels 2-4 books - \$120 each

Currently, we do not have tuition assistance. We do offer a payment plan. We ask that you pay for your lab fees, book fees and \$25 service charge at the time of registration. Tuition is divided into 4 equal payments, payable the 1<sup>st</sup> of the month for August, September, October and November.

Office hours are Mon – Thurs 9:00am – 5:00pm

(Please make an appointment before coming. Summer time hours can change.)
